Event entertainment for companies and communities

Company events, festivals and community days, with activities your guests step into and one events team to plan the day.

Big Idea Entertainment brings together a family of activity brands: snow, carnival games, portable mini golf, giant bubbles, gellyball and foam. When an event needs more than one activity, you plan it with **one events team instead of several vendors**. Every event is delivered by an operator in our family, whose staff run each activity on the day.

WHAT WE BRING

- **Big Idea Blizzard.** A snow festival that runs indoors or outdoors, in any temperature.
- **Backyard Carnival.** Classic carnival games under striped tents, with staff who run every booth.
- **Mini Golf Anywhere.** A portable 9-hole course that sets up indoors or outdoors, with staff on the course throughout.
- **Big Idea Bubbles.** A hosted hour of giant tri-string bubbles and shaped wands.
- **Gellyball Adventures and Gellyball Legends.** A team game with blasters, masks and a field of bunkers, run by a Game Master, with non-toxic, biodegradable ammo.
- **Foam Palooza.** Foam parties for ages 3 and up.

Which activities are available depends on your city and date, and is confirmed with your quote.

HOW PLANNING WORKS

Tell us your headcount, your site and your date. Your events team sketches the event plan: where each activity goes, how groups move between them, and one check-in point for your team.

Capacity is set per activity, and larger headcounts are quoted to size, with more stations or more activities on the plan. COI and W-9 on request, from the company that invoices you.

WHO WE WORK WITH

Companies · Cities and parks · Libraries · Daycares and preschools · Summer camps · Churches · HOAs and apartments · Grand openings · Universities
